

It Sure Is Something

to focus on nothing - sure is something
to remember... everything with
like a gentle kiss - from bountiful Bliss

the art of non-doing - sure is something to do
it can take one to... just about any clue
bring one through - real good, simple and true

{caterpillars - like the leaves
{of The Tree - are free as the breeze... by and by...

bad ambitions - doubtful conditions
misguided missions - competitions...
war machines - ignorance and greed

meditations - skillful nations
co-operation - transformation...
co-creation - liberation - meditation

{certainly - we can agree - to be free - responsibly...
{like the leaves - of The Tree - and the breeze
{by and by - butterflies...

suffering soil - hopeful toil
endless graces - smiling faces...
glory shows - miracles - Holy flow

{imagination - intimate sensations
{pure loving relations - realizations...
{by and by - butterflies - flying high
{like the leaves - of The Tree...
{the sun it shines - alchemical lines
{wombs of night - righteous flights
{metamorphosis - apparent emptiness
{oh The Bliss - as we get the gist

{and the holy smoke - of a serious joke
{we divinely see - we are free - as the breeze
{free to be - responsibly...
{it sure is something - to be with nothing
{to be with nothing - **it sure is something**
{it sure is something - to be with nothing
{to be with nothing - **it sure is something...**
