

Nil

there is nothing at all
there's large there's small
sometimes nothing at all

of art I've had my fill
take a placebo pill
cause it's nil

Samuel Beckett is the man
who does with less and less
till there's almost nothing left
whatever we're taught
whatever we're caught
it's all for naught

there is nothing at all
sometimes large sometimes small
nothing nothing nothing at all
