## ***Cynefin*** by Rowan Pantel – **Opens at Affinity Gallery**

The Saskatchewan Craft Council (SCC) is pleased to present “Cynefin” a print and video based installation by Rowan Pantel.

Pantel says, “My aim is to place the viewer inside a physical manifestation of my memory, where the audience feels comfortable to explore, daydream and remember ... My goal is to create art work so the viewer will leave the gallery still thinking of a game they used to play as a child, a path they use to wander, or a fantasy they repeatedly acted out or a dream that crossed into reality.”

The work in this exhibition situates the viewer within a physical manifestation of Pantel’s childhood memories surrounding the forest and her home. The immersive environments in this exhibition are created with a variety of media including, printmaking, drawing, paper cutting, and photography.

Rowan Pantel is a Canadian artist based out of Regina, Saskatchewan. She holds a Bachelor of Fine Arts from the University of Saskatchewan and recently completed the Master of Fine Arts program at the University of Regina. Rowan has exhibited her work across Canada and was the 2008 Saskatchewan Winner of BMO 1st ART! Invitational Student Art Competition.
